Italians Feed America gives back improving the lives of many.

We Make It Easy to Help Others

New York, April 2020- **Italians Feed America**, is a non- profit organization created to support those in need during Covid-19 Emergency: ***Fighting poverty, Feeding Children, Support CpvId-19 Relief, Restaurants Relief, Feed our heroes.***

The organization was born from the ongoing collaboration of Chefs, Restaurateurs, Food Retailers, Producers - Distributors, National and International Organizations - Institutions, Italians - Italian Americans & Italian Food Lovers networks and communities dedicating their time to improve the lives of everyone who needs help within the community.

Fabrizio Facchini, Founder: *"I wanted to create this organization long time ago using my networks, helping communities - families & kids - homeless... America welcomed me, gave to my family and me opportunities as it happened for many Italians and Immigrants. Italian Community is a big actor in the US history since centuries, America counts more than 16 Millions of Italian America and Millions of Immigrants Italians who came during last decades, Italy and USA have a strong relationship, that's one of the reason why this organization is born. I think we all need to give as we received. Covid 19 Outbreak gave me the push to take my phone and call friends, food suppliers, institutions, colleagues and many others to create and make it happen. Being involved in other nonprofits such Slow Food , AICNY & ADGI, I use my experience to serve Italians Feed America. Also my inspiration came from the amazing work of my dear friend Jose Andres.*

*Many were the firsts to respond and part of our Team: **Rocco DiSpirito, Elisabeth Falkner, Dominick Purnomo, Roberto Caporuscio, Cesare Casella, Michele Mazza, Raffaele Solinas and many others**".*

The **Save the Restaurant Industry** program is part of the mission to fight the crisis the industry is suffering due the **Covid 19 outbreak**. Italians Feed America is supporting those courageous chefs and restaurateurs keeping workers on payroll offering delivery/takeout services locally, using the revenue to pay the staff and to overcome this crisis.

These restaurants are also delivering thousands of free meals to person in need. Supporting the **Frontline Healthcare's Workers**, delivering meals to our healthcare and police heroes.
